Internal Quality Assurance Cell (IQAC) of Agnihotri College of Pharmacy, Wardha

The Internal Quality Assurance Cell (IQAC) at Agnihotri College of Pharmacy (ACP), Wardha, was established in 2019 with the vision of prioritizing a culture of quality within the institute. This entails institutionalizing and internalizing all initiatives with the support of both internal and external stakeholders. Within ACP, the IQAC holds a pivotal role in facilitating institutional systems. The Coordinator of IQAC bears significant responsibility in ensuring the effective functioning of all members. Integrated seamlessly into the ACP system, IQAC works tirelessly towards realizing the goals of enhancing and sustaining quality.

The primary objective of ACP's IQAC is to develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution as well as to promote measures for institutional functioning towards quality enhancement through internalization of quality culture and institutionalization of best practices.

Annually, the IQAC formulates a perspective plan aimed at accomplishing defined objectives and establishing checks and balances to assess the fulfillment of each task. The institute's IQAC guarantees that all educational endeavors within the institution are executed efficiently and effectively, upholding high standards. Additionally, the IQAC is tasked with preparing the Annual Quality Assurance Report of the Institute.
